

Corvette Roof Core Return Form

Retain this page for your records

Invoice# _____

RGA# _____

Core Requirements-

- 1) Please make sure new roof is installed and properly adjusted before sending core
- 2) GM Frames only including all parts
- 3)Transparent roofs only- we cannot use painted fiberglass roof frames.
- 4) Roof frame must be unbent, un-cracked, un-tampered with, and otherwise unmolested from factory conditions. The lens condition does not matter to us, and can even be completely missing, as it will be removed once it arrives anyways.
- 5) Roofs that have been repaired with silicone sealants are unuseable
- 6) Roof cores sent to us with incomplete contact information will be treated as abandoned goods after 90 days if we have no way to contact you. We unfortunately do not have the room to store roof cores indefinitely

* Buyer is responsible for all shipping charges
* Should have questions or concerns regarding your core return please call seller

Cut along dotted line and attach to box
